DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

The drawings are objected to because figures 1 and 2 are labeled "prior art." The specification states on page 4 that these figures correspond to an embodiment of the invention, so examiner assumes that these figures are not prior art. Clarification or correction of the drawings is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The references cited on form PTO 892 show prior art varactor structures.
